### LUNCH BOX (NATURAL LINE)

Sandwiches, snacks and fruit all find a place in the compact lunch box and always remain fresh and delicious. Contains a practical divider (white) so that you can keep the food separate until it's time to eat. The box has a clip closure. The special design with the rounded edges feels wonderful, and prevents the corners from digging into you when you are carrying it in your bag or backpack. The robust material still looks good after many years. Looks great and is environmentally friendly, since the film of the motif and the product are made from the same material and can be recycled together.

### FENDT ROADSTER 3 GEARS AND BACK PEDAL BRAKE

The highlight of the TRACK BF3 FENDT with roll bar is the integrated 3-gear transmission with back pedal brake. The transmission facilitates driving also in hilly terrain. The BF3 free-wheel prevents the pedals from turning when driving forward. The driver can therefore stop pedalling while moving forward. This minimises the risk of injury. To reverse the go-kart, you intuitively break with the pedals or the handbrake until it stops. Then the pedals are turned backwards. The reverse gear engages automatically. With studded tyres, floating axle, exhaust, spherical head steering, front spoiler and 6 seating positions, it is equal to its bigger role models in terms of efficiency and reliability. Its deployment, with the roll bar as standard, is always safe even in rough terrain. Thanks to the integrated trailer hitch, you are well equipped for any work in the field. Suitable for children from 5 years upwards. L 150 x W 86 x D 80 cm. Weight: 52 kg. Bears loads up to 100 kg.

### FENDT ROADSTER WITH BACK PEDAL BRAKE

The TRACK BF1 FENDT with roll bar is brilliantly equipped! With studded tyres, floating axle, exhaust, spherical head steering, front spoiler and 6 seating positions, it is equal to its bigger role models in terms of efficiency and reliability. Its deployment, with the roll bar as standard, is always safe even in rough terrain. Thanks to the integrated trailer hitch, you are well equipped for any work in the field. Apart from the modern design, the go-kart also has the latest BF1 free-wheel. The BF1 prevents the pedals from turning when driving forward. The driver can therefore stop pedalling while moving forward. This minimises the risk of injury. To reverse the go-kart, you intuitively break with the pedals or the handbrake until it stops. Then the pedals are turned backwards. The reverse gear engages automatically. Pure driving fun! Dimensions: L 150 x W 86 x D 80 cm. Weight: 50 kg. Bears loads up to 100 kg.

**FENDT MONSTER TRACTOR**

The Fendt monster truck toy tractor from Dickie Toys is sturdy and made for small children's hands. With its friction motor, four-wheel drive, XXL tyres and many details, it provides monster-sized fun. Thus, after pushing on, it continues to drive until the energy of the flywheel is used up. The toy tractor is the perfect gift for little fans of big vehicles with lots of power. Whether in the house or in the garden - the Fendt Monster Tractor can cope with just about any surface, because, thanks to the large and wide tyres, the vehicle has a good grip and can be stowed away quickly and easily. Length: 9 cm, material: plastic. Age recommendation: from 3 years.

X991021128000

**FENDT CABLE TRACTOR**

The toy tractor from Dickie Toys with cable remote control is the ideal entry into the world of remote-controlled tractors and encourages play with its numerous features. The large front bucket moves both forwards and backwards, and the lights on the roof also flash when the vehicle moves forwards - stimulating the imagination of the smallest ones and training the motor skills of children's hands with fun. The supplied cable remote control feels good in the hand and lets the Fendt tractor drive either forwards, straight or backwards in a curve. Thanks to the batteries already included, you can start the driving fun straight away! Batteries: 2 x AA included. Length: 14 cm, material: plastic. Age recommendation: from 3 years.

### FENDT 1167 VARIO MT WITH BLUETOOTH APP CONTROL & REMOTE CONTROL MODULE

Pure Fendt playing fun: the Fendt 1167 Vario caterpillar is a unique combination of power and design as a Bluetooth-controlled high end RC model from SIKU CONTROL. The caterpillar model with the metal bodywork has belt drives which are operated by two very powerful gear units, which gives the tractor a tremendous amount of power. The driving function is proportional. By controlling the drives, tight turns and even turning on the spot are possible when driving. Not only the gear unit and the steering but also the twelve LEDs can be conveniently operated with the SIKU CONTROL remote control module. Alternatively, the Fendt 1167 Vario can also be operated from your smartphone or tablet via the SIKU CONTROL app. Real agricultural feeling is provided by the brand new Real Machine Sound Function (RMSF), for which the original sound of the tractor was recorded live and integrated in the app. The noises can therefore only be played via the app. Of course, the tractor can be combined with a wide variety of trailers and accessory machines from the SIKU CONTROL series.

Fendt 1167 Vario MT equipment:

- 12 LEDs
- Movement control via Bluetooth with App or remote control possible
- Remote control available separately
- Radio remote controlled tractor made from metal with numerous functions
- Controlled using Android or iOS SikuControl App via Bluetooth
- Proportional driving and steering functions
- LED Lights: Driving lights and rear lights, working lights as well as rotating beacons
- Electronically controlled rear coupling
- Compatible with all SikuFarmer 1:32 models
