

INTRODUCING CORONA® TOOLS

A MARKET LEADER IN HAND TOOLS FOR OVER 90 YEARS

Generations of agriculturists, gardeners, landscapers, arborists and construction professionals have turned to Corona for high-quality, performance tools that work as hard as they do. With decades of tool design and innovation, Corona tools are the preferred choice for skilled professionals to the budding novice.

CORONA®

SEASON AFTER SEASON

Born in the orange groves of Southern California in the 1920s, Corona® has a long history of superior design and craftsmanship of premium garden and landscape tools, providing lasting performance for professionals and gardeners who take pride in a job well done.

Corona® Tools, Season After Season

FORGED FOR STRENGTH

CORONA®

MAX

Corona® uses a forge hammer to pound and compress hot steel to form tools that are stronger and more durable, providing you with years of superior performance.

MAX SHARPNESS

Forged, high-carbon steel forms a stronger cutting tool for maximum sharpness and durability.

MAX STRENGTH

Forged, one-piece tempered head for maximum strength and durability.

Two Great Product Lines

CORONA®

MAX

Corona's best-in-class tools, designed for professionals and passionate gardeners looking for heavy-duty durability and lasting performance, season after season.

- Maximum sharpness/durability/strength
- Forged, heavy-gauge steel and higher quality materials offering strength and performance
- Limited Lifetime Warranty
- Extensive replacement parts program
- Founded on Corona's heritage

CORONA®

RED

Designed for general, less intense use by casual gardeners and landscaping enthusiasts who want lightweight comfort.

- Feature-rich tools with value-oriented performance
- Limited Warranty
- Limited replacement parts

CORONA® WARRANTY INFORMATION

Plant and prune the perfect garden. Turn sand, stone and cement into a picturesque patio. Sculpt an attractive, stable treescape. Sow and harvest fields' worth of wholesome fruits and vegetables. Whatever your vision, whatever your project, Corona® tools will help you get the job done season after season.

The life of a tool can vary depending on the frequency of use and the conditions under which it is used. For example, someone making thousands of cuts, digs, strikes or sweeps per day will wear out a tool long before an occasional, infrequent user. Any defects in materials or workmanship usually emerge early in the life of the tool.

Therefore, Corona® stands behind our promises with three product lines featuring distinct warranties that meet your specific needs.

CORONA® MAX

Our best-in-class Corona® MAX tools are designed for professionals and passionate gardeners looking for maximum durability and lasting performance season after season.

Limited Lifetime Warranty

Corona® MAX tools are guaranteed to be free of defects in materials and workmanship for the life of the tool. If your Corona® MAX tool is found to be defective, it will be replaced or repaired free of charge when you return it with your proof of purchase.

CORONA® RED

Corona® RED tools are designed for casual gardeners who want control and comfort, but not the maximum durability expectations designed and built into our Corona® MAX line of tools.

Limited Warranty

Corona® warrants RED tools to be free of defects in materials and workmanship. If your tool is found to be defective within ten (10) years from date of purchase, it will be replaced or repaired free of charge when you return it with your proof of purchase.

Value Tools

Budget-friendly tools for performing basic tasks, Value tools are covered by a standard one-year limited manufacturer's warranty against defects in materials or workmanship.

If your Value tool is found to be defective within one (1) year from date of purchase, it will be replaced or repaired free of charge when you return it with your proof of purchase.

WHAT'S NOT COVERED

Corona® is dependable and trustworthy, and we expect the same from our customers. We don't cover normal wear, lost or stripped parts, altered or modified products, or product damage due to misuse or abuse. Abuse is using a tool in a manner for which it was not designed.

MAKING A WARRANTY CLAIM IN THE U.S.

To make a warranty claim in the United States, simply return the tool to where you bought it, or call Corona® directly for resolution at the number noted below.

MAKING A WARRANTY CLAIM OUTSIDE THE U.S.

The warranties outlined above apply specifically to products purchased in the United States. If you purchased your product outside of the U.S., your local Corona® distributor's standard product warranty will apply.

Outside the U.S., warranty claims can be made by returning the tool to where you bought it within the relevant timeframe, along with its packaging and your proof of purchase.

PRODUCT SUBSTITUTION

Corona will make an effort to either repair or replace any defective tool with one that is similar. If for any reason this is not possible, Corona® may choose to satisfy your claim by substituting a different product.

GENUINE REPLACEMENT PARTS

All Corona® tools are built to last, but certain components will wear out after heavy or repeated use. That's why we offer genuine replacement parts for most MAX products. Visit coronatoolsusa.com to see available replacement parts by item number, or contact the Corona® Customer Experience Team for more information at the number noted below.

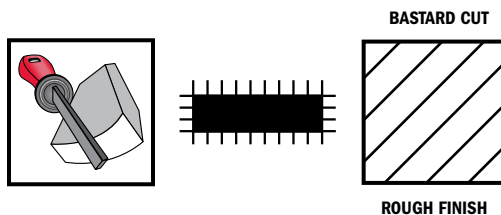

FILES AND RASPS MAX

Corona's extensive range of files represents the accumulated knowledge of our company with more than 72 years of file production. Through our partnership with Corporación Patricio Echeverría (CPE-Bellota), we have a long history of experience and proven expertise of manufacturing Corona-branded files and rasps.

Mill File **NEW**

- General purpose files for shaping steel or restoring sharp edges and where a smooth finish is important. Ideal for sharpening tools such as spades, shovels, hoes, scrapers, etc. Good for polishing and deburring work on lathes
- Shape: rectangular cross section with parallel surfaces and tapered edges towards the tip
- Surfaces and edges single cut

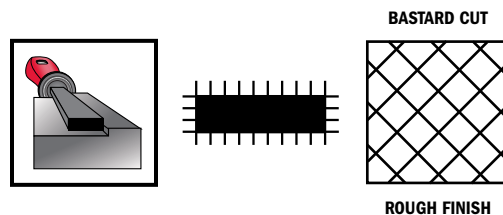

AGCO P/N - ACP0139590 **CORONA P/N - FE405508BC0CD — 8 inch LLW**

Flat File **NEW**

- General purpose files for rapid removal or shaping of steel. High removal rate file for filing flat surfaces, sharp corners and shoulders as well as for deburring
- Shape: rectangular cross section with parallel surfaces and tapered edges towards the tip
- Surfaces double cut and edges single cut

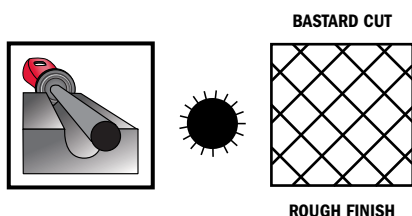

AGCO P/N - ACP0139600 **CORONA P/N - FE400110BC0CD — 10 inch LLW**

Round File **NEW**

- General purpose files for filing holes, large fillets and concave surfaces. For rapid removal or shaping of steel on concave surfaces
- Shape: round cross section tapered towards the point
- Double cut

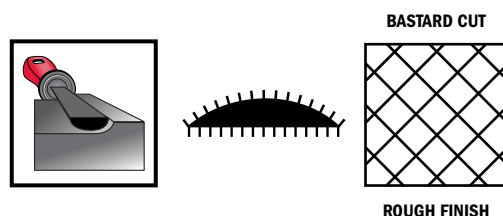

AGCO P/N - ACP0139610 **CORONA P/N - FE400410BC0CD — 10 inch LLW**

Half-Round File **NEW**

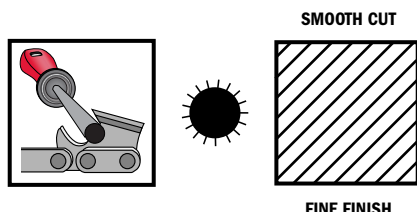

- General purpose files for rapid removal or shaping of steel on concave, flat surfaces and large holes. Suitable for deburring work
- Shape: half-round cross section with edges and surfaces tapered towards the tip
- Double cut

AGCO P/N - ACP0139620 **CORONA P/N - FE400310BC1CD — 10 inch LLW**

Round Chainsaw Files **NEW**

- For sharpening cutters of saw chain
- Shape: round and straight towards the tip
- Surfaces and edges single cut

AGCO P/N

ACP0139680 — 6 x 1/8 inch

• 30 inch Ash wood handle with D grip
LW

DID YOU KNOW?

Corona uses two coats of varnish on wood handles for better feel and comfort.

DIY SPADES **RED**

Drain Spade

- 15-gauge tempered 16 inch steel blade
- Tapered, round-nose, slightly cupped blade for efficient digging of deep, round-bottom drains and trenches
- Large, forward-turned steps for firmer footing

AGCO P/N - ACP0139780 CORONA P/N - SS 28010

- 30 inch Ash wood handle with D grip

LW

POST HOLE DIGGER **RED**

Atlas Pattern Post Hole Digger

- 14-gauge tempered steel head
- 48 inch Ash wood handles
- Distance between points: 4 $\frac{3}{4}$ inches

AGCO P/N - ACP0139820

CORONA P/N - PD 20000

LW

LEAF RAKE **RED**

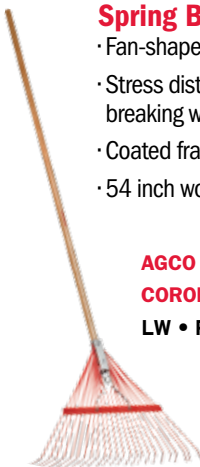

Spring Brace Rake

- Fan-shaped head combine flexible tines with durability of metal
- Stress distribution bars that prevent tines from twisting or breaking when pressed on
- Coated frames and tines resist rust
- 54 inch wood handle

AGCO P/N - ACP0139830

CORONA P/N - RK 24002 — 22 inch/22 Tines

LW • RP

BOW RAKES **RED**

Bow Head Rake

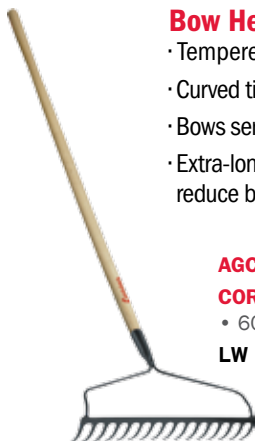

- Tempered head for long service life
- Curved tines efficiently gather and move soil
- Bows serve as spring for better control of tine depth
- Extra-long 60 inch handle lets you work upright, reduce back strain

AGCO P/N - ACP0139840

CORONA P/N - RK 20002 — 16 inch/16 Tines

- 60 inch Ash wood handle

LW

**DID YOU
KNOW ?**

Bow rakes make planting easier by disintegrating clumps of soil further after cultivating with hoes, mattocks, and cultivators

FORGED HOE

MAX

Value Tool All Value Tools carry a 1-year limited warranty

FORGED Draw Hoe

- Forged, tempered head for maximum strength, long service life and superior blade sharpness
- Sharpened 6 1/4 inch blade edge penetrates ground easily, slices through weeds easily
