# For all your tyre, wheel and conversion needs

**Trelleborg** is a tyre and wheel brand that offers advanced technological solutions for agriculture, materials handling, and construction professionals. By combining extensive experience in the tyre industry with cutting-edge technology, Trelleborg anticipates customers' needs and helps them improve productivity and efficiency while fully respecting the environment.

Choosing the correct equipment, considering the machine and the intended application, is the first step to optimise your productivity and enhance the overall value of your investment.

The **AGCO** group, always focused on efficiency and productivity, recognises Trelleborg as a trusted reference and partner for both original equipment and aftermarket. Trelleborg provides after-sales services and direct support to the **AGCO** dealer network in the United Kingdom and Ireland.

Please contact your **AGCO** dealer for more information

# POWERED BY INTELLIGENCE

**Purchase any 82v machine and battery during October  
and claim a second battery for free**

## **Cramer 82V - The right power for professionals**

Cramer professional tools are based on our unique 82V battery system, with enough power to perform as well as petrol tools. They start first time, are cheaper to run and most importantly do not expose you or the environment to damaging and polluting emissions. With run times equivalent to a tank of fuel, the 82V range from Cramer is the intelligent choice for the future of landscaping.
